

Men-in-Sheds Community Workshop

NEEDS YOU!

NOW OPEN
TUESDAYS &
THURSDAYS
10am – 2pm

We need your skills,
your tools & YOU
NOW!!

The new community workshop is now up and running, come along and get involved. Bring your own project to work on, or help with other projects already underway. We have tea and coffee making facilities. We are still looking for old tools, new tools, timber, screws anything that you would be willing to donate to the project. Most of all we need members of the community to come along, even if it's just for a chat and a mug of tea. This is your community workshop and everyone is welcome. Help or suggestions please contact:

Men-in-Sheds

Community Workshop Caldbeck

Men-in-Sheds is situated in the old joiners workshop on the village green in Caldbeck

Men-in-Sheds Community Workshop

We need more MEN now with a couple of hours to spare to come along and be part of this great project.

Shed-men have already produced seed trays, bird boxes & bird feeders from recycled pallets. Nothing is wasted, scrap is made into kindling. Shed-men are offering various skills, they're re-shafting tools, sharpening tools and are happy to look at any small repairs for a donation towards running the shed. No job is too small. Not sure? Just come along and ask.

Stuff Needed

Please donate any unwanted tools and DIY equipment, sandpaper, wire wool, paint, wood stain, work gloves, screws, nails, wood or anything 'shed like' that you don't need anymore, it can all be recycled and used for something.

There are lots more of you out there with skills which are needed in the shed, AND you are never too old to pick up a new skill or a new friend.

Men-in-Sheds is also working with the 'Tools for Self Reliance' project, refurbishing tools for workshops in this country and abroad.

Help Needed

There's always plenty to do. If you don't have a project of your own you can join an existing project. This community workshop is for the benefit of all the community and we hope you will encourage your friends to join in.

Then there will always be tea and coffee on the go and someone to chat with even if you don't want to get 'hands on'. The new premises will need insulating ready for the winter, if you are willing to help please contact us.

Tools, Tea & Tinkering ... that's what it's all about ... and making some money to pay the rent!
